-No one who wants a good watch can fail to be suited at Leffel's. Selection and price can't be beat.

The Ladies' Aid society of the Christian church will meet Oct. 8th at 4 p. m. with Mrs. Spencer, at the residence of Mrs. S. W.

There will be no services at the Presbyterian church next Sunday, as the pastor, Rev. E. B. Witherspoon, is attending Synod at Cleburne.

Mrs. M. Hagelstein, who has been seriously ill for several days at her home on east Harris avenue, was reported much better yesterday afternoon.

Mr. M. A. Currie and family arrived recently from Tyler to make San Angelo their home. Mr. Currie had been very ill before coming here, but two weeks of our pure atmosphere and revivifying climate have made him feel, as he expressed it, "like a fighting cock." Mr. Currie will go into business here and has the best wishes of The Press.

-Send the children to the Turn Verein gymnasium, Tuesday and Friday afternoons, at 4:30. Billy Whytock is in charge and will take good care of them, imparting instruction and giving training that is conducive to health, strength, energy, vitality, graceful poise and erect carriage.

Col. R. H. Hill, president of that best known business college, Hill's of Waco, was in the city Saturday and called on The Press. Hill's Business College has turned out more business men than any two similar institutions in the state, and young men desiring a business education can find no better place to obtain it than Hill's Business College, Waco.

-The proper kind of physical training adds years to life and life to years. Billy Whytock has made the subject a matter of deep, careful, painstaking and exhaustive study and will "raise the children right"—physically. Send them to him at the Turn Verein Gymnasium, Tuesday and Friday afternoons, 4:30 o'clock.

The subscription list and printing business of The Press is growing at such a rapid pace, continued improvement in the mechanical department is a necessity. During the past week a new and improved gasoline engine has been installed—a Fairbanks-Morse, handled by C. & G. Hagelstein Co., which greatly increases the capacity of our force in turning out work promptly and more rapidly than heretofore.

Dr. R. L. Greene was expected to return from Fort Worth this morning and the genial doctor and his splendid wife will make preparations to move to Ft. Worth. The announcement will be nothing less than a shock to their friends here and it will be a parting that will, indeed, give pain. However, they will go with the very best wishes of those friends for their happiness and complete satisfaction in their new home and environments and in this The Press joins.

-Experience has proven that proper physical training is superior in the endurance it creates, to "natural born" strength. The training given children by Billy Whytock at the Turn Verein gymnasium is of that kind. Jim Corbett was weak and puny by nature, but by careful physical training won the championship. Billy Whytock does not train for the ring but for that physical strength, energy and endurance which gives the gladiators in all of life's battles the advantage over their weaker brothers and sisters.

Menardville Postoffice Robbed.

Menardville, Tex., Oct. 4.—The post office at Menardville was robbed of \$96 by two masked men, who held up the clerk, compelling him to open the safe. After securing the money ether was administered to the clerk, which prevented him giving any alarm.

...NECROLOGY...

The four months' old infant child of Mr. and Mrs. Shipman, died at the Bismarck farm Sunday night. The remains were taken to Christoval and interred in the cemetery at that place.

Mrs. Mary Murray (colored) and her infant child died last Wednesday morning at their home in San Angelo, the child was buried on Wednesday afternoon and the mother Thursday morning following at 11 o'clock.

The infant child of Mr. and Mrs. H. Howard, of Water Valley, died on Monday night and its tiny form laid to rest there yesterday. The bereaved parents have the heart felt sympathy of their friends and neighbors in their bereavement, in which The Press joins.

A cable message received Sunday announced the death of Gen. Schauer, a retired field marshal of the Austrian army, and father of Messrs Charles and Otto Schauer, well known West Texas stockmen. The General visited his sons in San Angelo some years ago, and many friends made here at that time will learn of his demise with sincere regret. With them The Press joins in tendering condolence to the bereaved relatives.

Mrs. Ben I. Teague died at her home in this city at 4 o'clock yesterday morning, after an illness of several weeks. The remains were laid at rest at Fairmount cemetery yesterday afternoon, Rev. Masters conducting the funeral services. To the bereaved family The Press tenders sympathy in its great and irreparable loss.

Mrs. Teague's husband and three children, the youngest of the latter about one year old, survive her.

Mrs. Harriet Gamblin died at Coleman City last Friday evening at 78 years of age. The deceased lady was the mother of Mr. J. W. Tweedle, the stockman of Mulberry Creek, Sterling county, who passed through the city Friday enroute to the bedside of his dying mother, and again Monday on his way home. Mrs. Gamblin's remains were prepared for transportation and sent to Temple, where they were interred Sunday morning. The Press joins in sympathy to the bereaved relatives.

On last Tuesday, at 10 o'clock, p. m., Mr. W. L. Massey, one of the old settlers of the Concho country, crossed the river into the Great Beyond. Death came to him at the home of his son, Tom Massey, and the remains were interred on last Wednesday at the Mullen cemetery on Lipan Flat. For 80 years Mr. Massey had abided on earth, and then was called to his eternal home. For years he has been a most familiar figure in San Angelo during his visits to the city, and his personal smile will indeed be missed. With many friends The Press joins in sympathy to the surviving relatives.

Ex-Confederate Killed.

Fort Worth, Tex., Sept. 29.—A fatal accident occurred near the stockyards Inn Hotel late this afternoon which resulted in the death of an old Confederate soldier named G. W. Gardenhire.

He was in a buggy, driving to his home north of the stockyards with George Harris, a neighbor, when the kingbolt of the buggy broke and he received injuries which caused his death shortly afterwards.

The horse attached to the buggy was trotting along slowly at the time of the accident and made no effort to run away.

The injured man was removed to the hotel, where he received all possible attention. The remains were removed to his home, about three-quarters of a mile north of the stockyards.—Dallas News. Mr. Gardenhire was the father of Mrs. J. W. Hartman, of this city, who was called to Fort Worth by the news of his death from Cisco, where she had been visiting for the past three weeks. The Press extends its sympathy.

Small Fire.

A three room cottage on West Twohig avenue caught on fire Monday night about 11 o'clock, but the prompt work of the fire boys prevented its total destruction. The inner walls were burned considerably and the roof was badly damaged by the flames. The water pressure was excellent. The building was unoccupied and we understand is the property of a colored woman in Houston.

Special Sale of Men's Fine Fall Clothing

A syndicate of stores, of which we are a member, has bought of one of the best known manufacturers in New York, who will retire from business on the first of the year.

His Entire Stock of Fall and Winter Clothing,

at far less than it costs to make up the goods. Our share of the purchase was...

500 Men's Suits, 200 Boys' Suits.

This manufacturer had the reputation of never carrying over any goods from one season to the other, and our purchase consists entirely of new goods, this season's styles; in fact quite a number were still in the piece and were specially made up according to our own instructions.

This purchase, together with clothing bought elsewhere, gives us an enormous stock, the largest in the history of our business, but we acted on the supposition that good goods sold at a very low price can be moved quickly in San Angelo. We are now going to demonstrate our belief and a liberal patronage will bear us out in our enterprise. We could take every suit and make the manufacturer's profit in addition to our regular retail profit, were we disposed to sell these goods in the regular way of business, but we want to give to the people of our town and surrounding country something worth talking about, and have eliminated the retail profit entirely, thereby expecting to clean out the entire lot within the next thirty days.
